New Marine Aggregate Licence – (Area 484)

On behalf of DEME Building Materials Limited this notice is to advise that a new Marine Licence L/2015/00049/2 for marine aggregate dredging has been granted by the Marine Management Organisation (MMO) to allow dredging within Area 484 and as defined by the accompanying WGS 84 co-ordinates.

It is anticipated that dredging under the new Marine Licence will commence on January 1st 2016 with a licence term of 15 years.

As required by the Fisheries Code of Practice, Masters of dredging vessels will call up on VHF Channel 16 when approaching the dredging area at a range of 10nm (approximately 1 hour before operations are to commence) and will provide an estimated time of arrival on the area and position of operation. A VHF working channel will be established between the dredger and fishing vessel(s) if required.

New Marine Aggregate Licence – (Area 515/1-2)

On behalf of Westminster Gravels Limited this notice is to advise that Marine Licence L/2014/00426/2 for marine aggregate dredging has recently been varied by the Marine Management Organisation (MMO) to allow unrestricted dredging within Area 515 and as defined by the accompanying WGS 84 co-ordinates.

It is anticipated that dredging under the new Marine Licence L/2014/00426/3 will commence on January 1st 2016.

As required by the Fisheries Code of Practice, Masters of dredging vessels will call up on VHF Channel 16 when approaching the dredging area at a range of 10nm (approximately 1 hour before operations are to commence) and will provide an estimated time of arrival on the area and position of operation. A VHF working channel will be established between the dredger and fishing vessel(s) if required.

New Marine Aggregate Licence – Outer Thames Estuary (Area 509/1-2)

On behalf of Tarmac Marine Ltd, this is to advise that a new marine licence for marine aggregate dredging has recently been issued by the MMO for Area 509/1-2 in the Outer Thames.

It is anticipated that operations will commence in mid to late October, with a licence term of 15 years. As required by the Fisheries Code of Practice, Masters of Dredging vessels will call up on VHF 16 when approaching the dredging area at a range of 10nm (approximately 1 hour before operations are to commence) and will provide an estimated time of arrival on the area and position of operation. A VHF working channel will be established, if required.

Regional Active Dredge Area Charts – Issue 26 now available

Regional Active Dredge Area (RADA) charts are routinely produced by the British Marine Aggregate Producers Association (BMAPA) and The Crown Estate on a bi-annual basis.

Issue 26 of these charts (dated 31st July 2015) is now available to be downloaded from http://www.bmapa.org/issues/other_sea_users.php

Hard copy laminated versions of these charts have been provided to local MMO offices for circulation to local fisheries interests, and hard copies can also be obtained by contacting bmapa@mineralproducts.org.

For further information on these charts can be obtained by contacting: bmapa@mineralproducts.org

Marine Aggregate Survey Notification – South Coast Region (Area 372/1)

On behalf of Hanson Aggregates Marine Ltd this notice is to advise that a geophysical survey is due to commence shortly in existing marine aggregate extraction Area 372/1 (South Coast region).

It is anticipated that operations will commence on or after 6th November 2015 and take approximately 1 month to complete (weather dependant).

As required by the Fisheries Code of Practice, Masters of survey vessels will call up on VHF Channel 16 when approaching the dredging area at a range of 10 nm (approximately 1 hour before operations are to commence) and will provide an estimated time of arrival on the area and position of operation. A VHF working channel will be established between the survey and fishing vessel(s) if required.
