'Head up for Success' – A Professional Development Programme for Safety Instructors	£350.00

- *All the Instructor packs include a detailed instructor manual, CD Rom and associated training materials. The 'Head up for Success' pack has been designed to cover all the underpinning knowledge required to be a successful safety trainer and is part of an ongoing assessment programme available from Seafish for aspiring trainers.*

'What If?' – Safety Awareness at Sea for Under 12m fishing boats	£250.00
--	---------

- *This programme has been specifically designed with the aim of raising the safety awareness of skippers and crews of under 12m fishing vessels. The programme is designed to be delivered as a dedicated training event.*

All the training programmes detailed above have been designed to reflect the syllabus requirements of the UK Maritime & Coastguard Agency. Most of the courses also reflect the requirements of STCW(F) but may need minor adjustment in some cases. The One-day Basic Health & Safety Course for New Entrant Fishermen was specifically developed to mirror the syllabus requirements for the STCW Personal Safety and Social Responsibilities course.
