

Fisheries: stay alert and keep COVID-19 under control

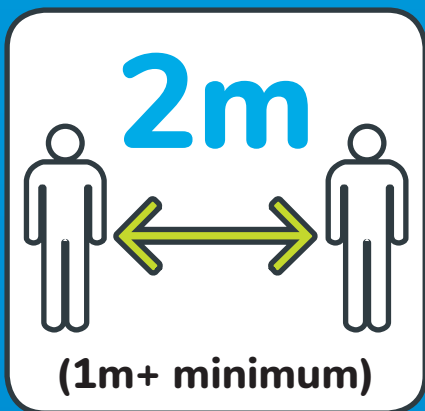

Assess risk at all times, especially when boarding, fishing and landing

Wash your hands regularly and thoroughly

Sanitise your workspaces and work equipment regularly

Keep at least 2m from other people, or 1m+ where this is not possible

If you cannot keep a 2m distance, keep wearing masks, gloves and overalls/ aprons and dispose of carefully

You and your crew should continue to take care when ashore to prevent bringing the virus onboard

For detailed guidance visit <http://nffo.org.uk/about/coronavirus-support-to-the-fishing-industry/> or contact your local fishermen's association, federation or producer organisation
